Drinks & Libations

We know that one of the biggest components of a great celebration – besides the great company, delicious food, and a DJ who knows what the people want – is the bar!

Many guests expect that the reception will have an “Open Bar” if alcohol is being served. This causes lots of stress for many couples as they fret over the costs. Offering only wine, beer and a signature drink will help you save considerably, so you can have an open bar, a little personality and still keep the costs under control!

Photo: Hunter Hart Photography

Types of Bars

OPEN BAR
Host renders the entire bill - The Emerald Union's bar service handles everything providing ease.

CASH BAR
Guests pay for their own drinks - Must use Emerald Union's bartenders, but saves you money.

SOFT BAR
Only non-alcoholic drinks are served.

BEER & WINE
Great option for daytime events, luncheons, meetings or conferences.

BYOB
Bring Your Own Bar - Bring everything needed to serve your desired bar.

PRO TIP:

One serving per person per hour of a reception. So if you have a 5hr reception and 100 guests, plan for 500 servings.

Whether or not your guests are big drinkers, virtually all events have a bar of some type. But when you're planning a celebration, the options can feel overwhelming.

Our Facility Coordinators work with your wants and palate to create the perfect drink service for your event.

No matter what you want to celebrate, we are here to help you do it in style with a delicious cocktail in hand!

Choosing Rentals

Rentals consist of everything from linens to catering equipment.

It's best to create your vision and hire a trustworthy and well known rental company that will pay attention to the details for you! More than likely, you've already considered a budget for your rentals. Here are important things to consider when choosing which rentals are most important to you.

Tables and chairs are part of your decor, especially when it comes to your wedding day, but don't forget about your linens. Linen selection is just as important as the table. Be certain that you choose the right size linen for the perfect fit! Your rental company should be able to provide you with a color swatch to make your selections easier. The tablescape may be one of the most important decisions you will make when it comes to rentals. The tablescape will complete your vision. The linen color is only the start of creating your tablescape. Your china, glassware and flatware will come in different styles and colors. Don't forget your napkins or your centerpieces! Deciding which rentals, you need for your big day can be overwhelming, but it doesn't have to be.

The company you choose for rentals should do everything to make wedding planning easier for you!

You have a lot to consider when bringing your event visions to life. With so much choice as trends continue to evolve, deciding which elements to include and which to 'break up' with can be overwhelming, so we want to help! We've compiled a handful of much-anticipated trends for 2023 that we see standing the test of time. Here are our top favorites!

2023
 TRENDS

1.

STAYIN' ALIVE

Hello, groovy vibes! Among many things, a turn towards modern party details got us to a new trend that's making waves in the event market: the resurgence of disco balls! If you're looking to infuse some fun and flair into your space, look no further than this disco ball decor ideas.

2.

ARE YOU NOT ENTERTAINED

As the focus shifts more to guest experience, entertainment is going to be huge with people looking for unconventional entertainment that allows them to express themselves in their own way.

3.

YOU BTTER BRIE-LIEVE IT!

Grazing boards and charcuterie are not going anywhere. We see both oversized displays at cocktail hour as well as more manageable boards incorporated into the tablescapes of events and celebrations.

4.

THE BOLD & THE BEAUTIFUL

A fun twist to a color scheme we love that is sure to continue on is eclectic and bright tones throughout your event décor and attire. You'll fall in love with the contrast of candlelight and materials with pinks, oranges and floral that make for a striking aesthetic.

5.

GO BIG OR GO HOME

2023 parties will be like no other. People are ready to celebrate, more than they ever have been. Your guests will use the occasion as an excuse to go big. We can expect that parties will be more detailed with over-the-top decor!

As the excitement of your special day quickly approaches, we'd like to remind you of a few important details that will help streamline your most precious moments.

Remember your vendors will have a 4 hour window prior to your invitation start time to come into the facility and set up for your event. If you feel you need more time for your vendors and setup, we do offer additional hours based on your contract. Please let us know ahead of time so we can make arrangements with staff and cleaning schedules. (No Exceptions!)

Dropping off items or decorating the day before your event is not allowed due to facility activity.

You have 1 hour after your event end time to gather your personal belongings. All items must be removed from the facility on the day of your event. Your coordinator will assist and facilitate the organization of your departure.

Bridal Suite/ Green Room - You have the use of this room (with the rental fee) for 4 hours prior to your event for pictures and getting ready. The room will be locked once the reception begins. Your personal belongings may remain in these rooms until the end of your event and for your personal access during the reception. The rest of the guests will not have access during the event.

Alcohol - When choosing your beverage package (if applicable) remember to inform the venue if you want the bar service open to guests when they arrive, cocktail hour, or once the event begins. If you plan to host a bar, payment must be made 2 weeks prior to event. Also, be aware that bar service will be closed 30 minutes prior to your event ending so when you hear "Last Call!" that's your 15 minute warning to enjoy those last cocktails!

Helpful Hints!

- Make sure to communicate thoroughly to your vendors to make sure they are all on the same page.
- Go over all details with your coordinator to ensure a smooth flow of set up and production of the event.
- Label all items that you want your coordinator to set out. Labeling items makes it easier for them, as well as less questions to bother you with!
- Be sure to ask for any special requests for the Bridal Suite/ Green Room, such as food and alcohol. We are happy to plan something with you. We recommend bringing in trays of food and non-alcoholic drinks for your special guests to stay hydrated, and prevent low blood sugar, headaches, and fainting.
- Be sure to pack your special items in advance so that you're not missing anything when you get to the venue.
